Terminal: M8 Insert

Efficient & Fast Charging

- Charge efficiency > 95% at high charge rates. Increases productivity, reduces energy costs and eliminates the need for investments in battery charge out systems.

Efficient and Stable Discharge

- Delivers > 95% of capacity at high uniform and stable voltages during discharge. Increases equipment performance and reduces motor fatigue.

Robust Safety

- Multiple levels of protection prevent operation outside of current, voltage, and temperature limits.

Weight Efficient

- Systems provide > 3 times the energy per weight of high quality lead acid.

Environmentally Safe

- Does not contain toxic metals such as cobalt, lead, cadmium, nor any corrosive acids or alkalis.

100% Recyclable

- End of Life recovery and licensed recycling through Discover's factory warehouse network.
